

SUMMER CAMP 2010 CLUB DESCRIPTIONS

Summer Camp will be divided into four sessions lasting two weeks each. Children will participate in two clubs each day - one in the morning and one in the afternoon during each of the four sessions.

Please review the club descriptions with your child and help them to choose the clubs in which they would like to participate. Children may be signed up for the same club more than once. For example if they want to play basketball every morning for all four sessions they may do so –it's entirely up to them!

Basketball (AM) – Learn shooting, passing and other important skills necessary to bring your game to new levels.

Baseball/Softball (AM) – Learn the basics of outfielding, pitching, batting and base-running strategies. Have fun with your friends playing America's game.

Soccer (AM) – Discover what makes soccer the number one sport in the world! You can refine your ball-handling skills, learning to use only your feet, legs and head.

Cheerleading (AM) – Show your spirit on a winning squad! Learn all the latest cheers and how to tumble, jump and build pyramids with award-winning cheerleaders.

Science (PM) – Do cool experiments and learn the basics of science. Why do magnets attract and repel? What floats or sinks? What liquids won't combine with other substances? Find out how things work in this exciting club.

Fashion (PM) – Discover ways to create a personal style of dress. Find out what fashion trends and fads are gripping today's pre-teens. Learn what types of clothes make you look your best. Find inspiration for your own line of fun clothing.

Art (PM) – Experiment with different types and styles of art. Bring out your creativity while using watercolors, pastels, mosaic tiles and clay.

Dance (PM) – Learn the principles of basic dance while engaging in a fun activity. Engage in the basics of artsy footwork and rhythmic dance. Get a great workout while participating in a great activity.

SUMMER CAMP 2010 SPECIALS

In addition to participating in clubs, one day per week will be spent doing Specials. Children will sign up to participate in one special each session for a total of four specials. They may choose a different special for each session or repeat a special from one session to the next.

Please review these descriptions with your child and help choose the specials in which they would like to participate.

Business – Learn how to run a business and make money! Decide on a product, offer it for sale and help deposit the profits in a bank account set up specifically for your center.

Scrapbooking – Share your memories with creativity and imagination. Learn how to turn any photo album into a memorable masterpiece using stickers, captions, cropping and other fun and artistic means.

Photography – Capture those special moments with point and shoot photography. Learn how to take great pictures and create special effects and cool pictures. Pictures kids take will be used for scrapbooking. Use your own camera or one provided by Today's Child.

Gardening – Work with our teachers, who will help you discover the joy of working with the Earth. Nurture the plants from seedlings to flowering plants. Create a “pizza garden” where you can grow everything you need to make your own pizza.

Book Club – Get your summer reading done while having fun with your friends. Talk about the characters and what makes them tick. Find out what books every kid wants to read. A “Book-it” Rewards Program will reward children for the reading they do during the summer.

Woodworking – Learn to work with various woodworking tools and kits, as you make various items from kits.

Girl Scouts – Learn various crafting, skill and other techniques from Girl Scout Scoutmasters.
